TECHNOLOGY CERTIFICATE

This is to certify that

QuikDeck® Suspended Access System

has been qualified in accordance with DNVGL-SE-0160: Technology Qualification Management and Verification /1/ and DNV GL considers it qualified for its intended use following DNV RP-A203 /2/.

Technology owner: **Safway Services LLC (Safway), Scotia-Glenville Industrial Park, Building 406, Scotia, NY 12302, USA.**

Name of technology: QuikDeck® Suspended Access System

Description: QuikDeck® suspended access system facilitates temporary access for carrying out works through the suspended modular platforms. The technology qualification of QuikDeck® suspended access system is limited to the following physical systems:

- Platform Assembly (Joist, Node, Node Pin, Deck Support, Decking Panel, Deck Retainer, Guardrail Post, Guardrail, Toe board)
- Suspension Assembly (Beam clamp assembly, Node, Suspension chain, Chain couplers)

This qualification process does not include any integrity aspects of the parent infrastructure to which the QuikDeck® is secured
